Manufacturing of Innovative design Metal False Ceiling & Metal Exterior Cladding / Louvers / Facade

# About Us

---

- Vindsil Architectural Products. established in 2020 and started manufacturing of metal ceiling, customized metal facade & metal cladding products to cater the growing demand of innovative building ceiling, Facade & Cladding in Construction industry.
- Many prestigious projects successfully executed so far in Gujarat and many other states even, also so many projects are under execution.
- We strive to provide unique and innovative designs with superior quality material and workmanship in all our projects.
- Vindsil in-house design team works jointly with PMC & Clients to understand the projects details, share our inputs & design to walk an extra mile for their satisfaction.
- We provide complete Engineering solution including full time supervision with technical experienced team also experienced technicians to ensure meticulous execution.
- Vindsil team would like to involve ourself at the stage of design to work closely with the project team. Our early involvement in the project will ensure hassle free execution.

# Wood finish **Lay-in Tiles**

- Product Image - Lay-In 600x600mm Tiles
- Tiles Details - GS/Alu. 575x575x0.5mm Tiles
- Grid Details - 15/24mm Tee Grid.
- TCT ( Total Coating Thickness) - 0.5mm
- Powder Coating - Wooden Powder Coating (Interior Grade) on tiles & black powder coating on grid system.

# Lay-in Tiles

- Product Image – Lay-In 600x600/600x1200mm Tiles
- Tiles Details – 575x575&1175x0.5mm Tiles
- Grid Details – 15/24mm Tee Grid.
- TCT ( Total Coating Thickness) – 0.5mm
- Powder Coating – Powder Coating (Interior Grade) .

# 35C/60C/84C/100C/150C/184C

- Product Image - 84C
- Product Details - 84mm wide
- Module- 100mm C/C spacing
- TCT ( Total Coating Thickness) - 0.5mm
- Powder Coating - Powder Coating (Interior Grade)

# 184C

- Product Image - 184C Linear Profile
- Product Details - 184C GI
- Module - 200mm C/C
- TCT (Total Coating Thickness) - 0.5mm
- Powder Coating - Wooden Powder Coating (Interior Grade)

# Multi Baffle

- Product Details – 25/75/100 Baffle
- Module – Multi
- TCT (Total Coating Thickness) – 0.5mm
- Powder Coating – Wooden/Plain Powder Coating (Interior Grade)

# 84R

- Product Image – GS/ALU. 84R Linear ceiling
- Product Details – 84R
- Module – 100mm C/C
- TCT (Total Coating Thickness) – 0.5mm
- Powder Coating – Normal Powder Coating (Interior Grade)

# Multi R Linear Ceiling

- Product Image – Multi R Section Profile  
Product Details – Combination of 38mm, 60R & 84mm & 184mm
- Module – Any module Customized
- Powder Coating – Powder coating (Interior Grade)
- TCT ( Total Coating Thickness) – 0.5mm

# Baffle Innovative design

- Product Image - U Baffle
- Panels Details -25/50/75/100/200mm
- Module - 25mm Multi Faction
- TCT (Total Coating Thickness) - 0.5mm
- Powder Coating - Wooden Powder Coating (Interior Grade)

# Multi Duct Cladding

- Product Image – Multi B Cladding
- Panels – Combination of 25x25x25mm/25x50x25/25x75x25mm
- Module – 25mm clear spacing
- TCT (Total Coating Thickness) – 0.5mm
- Powder Coating – Wooden Powder Coating (Exterior Grade)

# Exterior Duct Cladding

- Product Image - U section Cladding
- Product Details - 25x50x25
- Module - 100mm C/C
- TCT (Total Coating Thickness) - 0.5mm
- Powder Coating - Powder Coating (Exterior Grade)

# Project Image

- Product Image - Horizontal vertical Cladding
- Product Details - 84R.
- Module - 111mm C/C
- TCT (Total Coating Thickness) - 0.5mm
- Powder Coating - Powder Coating (Exterior Grade)
- Address - Surat

# Project Image

- Product Image- 84R H-3 cladding system
- Product Details – H-3
- Module – 111mm C/C
- TCT (Total Coating Thickness) – 0.5mm
- Powder Coating – Powder Coating (Exterior Grade)

# Project Image

- Product Image- 25x50x25 cladding
- Product Details – 50mm wide and 25 mm height (horizontal & Vertical Application)
- Module – 100mm C/C
- TCT (Total Coating Thickness) – 0.5mm
- Powder Coating – Powder Coating (Exterior Grade)
